

Crawl, Walk, Run!

Improving the connection between church and community

You're out there – in the land of families who have babies and young children. Each week, you're serving, talking, listening, caring, and more.

In the busy times, you've got your head down – focused. You've got messages to answer, errands to run, a part time job to work at, a family who love you, and even, a life to be lived.

In the quiet times, you wonder, "Is all the energy I put into this outreach worth it?" **You wonder, "Are we really making a difference? And who else in our church is working in our community? Who can we work together with?"**

COME TO 'Crawl – Walk – Run' – an interactive forum where you'll be given practical steps to work through the ways to identify and facilitate discussion with other ministries in your church; where we'll talk about identifying where God is working and join Him.

Who Should Come

From any denomination ...

- Playgroup team
- mainly music team
- MOPS team
- Kindergarten and childcare leader
- Toy library team
- Starting Points facilitators
- Church leadership
